

Africa to
the Rest

What's The Big Question?

Africa is the most Christian continent in the world today. Will this be just a passing *moment* or a memorable *movement*?

The following are seven (7S) missional communities to form/join in order to cause a tidal wave of **#A2R movements** that impact the Rest—the remaining unreached peoples and places in the world—from Africa to the Rest.

THIS IS NOT ABOUT A BOOK;
BUT A MODERN MISSIONARY
MOVEMENT

7S Missional Communities

STRATEGY #1 (of 7) for #A2R Movement

1S SUPPLICATION groups

'Hi 5' Groups | An inspired person finds **five other people** who together:

1. Pray to the Lord of the harvest at 10:02/9:38 each day to send more African labourers to the Rest
2. Pray for the person on your prepared Prayer Calendar for that day (via voice or text)
3. Pray for the Unreached People Group of the day (local and global)
4. Pray for each other in 'Hi 5' Groups (per their news/requests)
5. Pray based on current news: missionary/mission agency newsletters, national and global affairs

Instruct each person in your 'Hi 5' Group to form theirs too

A Missional Community is a committed group of Jesus followers, the size of an extended family, empowered by the Spirit, to participate in God's mission of redemption in a particular neighborhood and/or network. (Missional Church Network)

STRATEGY #2 (of 7) for #A2R Movement

2S STUDENTS summits

- In-person and online student/young people gatherings.
- A2R-organized or A2R-collaborations.

"Is it a mere coincidence that the current most numerically Christian continent is also the demographically youngest continent?" "The most Christian continent is the youngest continent, and 'African Christian youth' may be the most powerful combination of words to affect the mission of God this century. This is a novel moment. The question is if it will become a novel movement."

(Perbi & Ngugi)

STRATEGY #3 (of 7) for #A2R Movement

3S SOCIAL MEDIA groups

- Communities of people that connect and chit-chat about A2R-related issues.
- Social media is this generation's Gutenberg revolution (like the printing press)! #A2R's got to leverage that.
- Let's make #A2R **take over** and trend!

- Communities of people who pursue a transformational guided study of Africa to the Rest and other adjunct resources like the Kairos course.

STRATEGY #5 (of 7) for #A2R Movement

5S SUPPLY societies

- People that form a **mission society** in which members **financially** contribute to support missionaries to 'the Rest.'
- Partnership with **CHANGO** app to mobilize **Supply Societies!**
- #A2R has already supported a church planting movement in South Asia with over \$15,000! Glory to God!

"When you missionaries came you did not ask us to give because you thought we were poor. What you did not realize is that we are poor because we do not give." (A certain indigenous tribe to a missionary)

STRATEGY #6 (of 7) for #A2R Movement

6S SENT networks

In-person, online or hybrid missional communities of sent African missionaries ('goers') for mutual encouragement, prayer, accountability, information and skills sharing as a community of practice.

STRATEGY #7 (of 7) for #A2R Movement

7S SEARCHERS AND SCRIBES groups

We want to see a movement of African researchers and writers like never before!

“Until the lion learns how to write, every story will glorify the hunter”
(African Proverb)

How Can We Tell Movement Is Happening?

When we have at least 100 A2R missional communities (#1 Supplication groups, #2 Students summits, #3 Social media groups, #4 Study groups, #5 Supply societies, #6 Sent networks, #7 Searchers & Scribes groups) that have reached at least the **4th generation in multiple streams** over a **3–4-year** period, we would say we have attained movement, to the glory of God!

"The numerical advantage of African Christianity is useless unless it is linked up with the total mobilization of the entire constituents of the African church as a potent mission force to the rest of the world and the remaining unreached people groups, for the glory of God!"
(Perbi & Ngugi)
